ALPILLES NATURAL REGIONAL PARK ST RÉMY DE PROVENCE

The amounts of trails in the Alpilles hills is vast.

However I love to start a lovely nature walk that starts from the St Paul Hospital. It is focused on the tree names and take you up to the top of the hill.

At its beginning if you can spot the quarry, on your left, and descent into its large avenue. It is quite mysterious down there.

You should find some maps at the book shop in town, "la Maison de la Presse", next to Space Private sales

LAC DU PEIROOU ST RÉMY DE PROVENCE

Inside the Parc Naturel des Alpilles, a lovely walk for some freshness and a climb to the Chimney for an unforgettable view of St Rémy..

To find the entrance of the Chimney you will need to walk on the right side of the lake, while facing north. Somewhere up on the end of the path you should be able to spot a path going up, and walk slightly towards north, it is only a few minutes away from the lake.

If you have vertigo, it might not be for you, however it is safe once on the top...

AÉRO-CLUB DE SAINT-RÉMY LES ALPILLES ST RÉMY DE PROVENCE

The Club has been created in the 20's by Joseph Thoret, it has become an historical site for Gliders.

We come to the club often for a walk, the site being at the edge of the Alpilles is magnificent. The view of take off and landing is extraordinary and the club members so welcoming that something children are sat in the parked gliders.

You can also walk through the fields towards the hills and up to the beginning of a old Oak forest that will take you directly to a tiny pass on the top of the Alpilles, the end is a bit of climb. Take about 1 hour up, walking slowly.

GOLF

DOMAINE DE MANVILLE

LES BAUX DE PROVENCE

I knew the Golf when it was still a family affair and was totally at awe with the environment of the domain and its incredible charms. It was splendid.

It has since been renovated and became a luxurious hotel and the 18 holes Golf course as been designed by Thierry Sprecher et Anne-Laure Ricci from Pep's .

GOLF DE SERVANES

MOURIES

This is definitely a very practiced 18 holes, designed by Thierry Sprecher again and Gery Watineand.

Servanes is probably more strictly a Golf club, that a luxury holiday resort with Golf.

It is also set up in the middle of the Alpilles south side, next to the beautiful village of Mouries (13890), and some lovely walk
